Objective

Final-year Information Technology student at North West University, aiming to gain knowledge in software development and cyber security. Seeking an Entry-level position to apply technical skills, enhance professional growth and contribute to innovative projects within a dynamic tech-driven environment. Passionate about developing secure and efficient software solutions, with a strong foundation in programming, network security and problem solving. Objective is to get an entry-level job as a full stack Software developer specialising in Java, C++, C#, HTML and python and also as a Cyber Security intern.

Education

- Bhulunani Secondary School** 2018
NSC Matric
Bachelor Admission
- North-West Univesity** 2022-2024
Bachelor in Infomation Technology

Skills

- Database Management(SQL)
- Java Programming
- C# Programming
- C++ Programming
- Microsoft Office
- Data Science and Analytics
- Python programming
- Networking(Cisco Packet Tracer)
- Web Development
- Information Security
- Teamwork and Collaboration
- Problem-Solving Skills

Projects

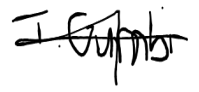

- C# Messaging Application**
I worked on a C# Messaging App that uses a server to communicate to different users when they have successfully connected to the server.
- Information Security App**
I worked on an app that used AES encryption to secure the login details of the Users and Information such as Text Files , Pictures and files in different formats.
- Java Messaging App**
I worked on a Messaging app that uses a server to communicate to different users. The app is coded in java and javascript.
- Packet Tracer Project**
I worked on a packet tracer project where I had to simulate a network for an office building where I had to limit wifi access, secure networks and configure different networks.

Gender

- Male

Id Number

- 0011125054087

A handwritten signature in black ink, appearing to read 'Thando Gumbi', with a horizontal line crossing through the middle of the letters.

THANDO GUMBI
